# Downsizing? Transition? Loss of a loved one? We can help!

Moving to a smaller home or dealing with the death of a loved one can be a difficult and emotional time for you and your family. You'll have to sort through a life-long accumulation of items and make tough decisions about what to keep.

We specialize in helping during this time of transition. Our clients love our ability to be compassionate, yet efficient. Starting with a free consultation, we are the *Full Service Estate Sale Solution* you can personalize to meet your individual needs.

## Who uses Estate Sale Services?

Previous clients include executors of an estate, probate attorneys, and people downsizing to a smaller home or senior community.

## How do I know if I have enough to use your services?

Sometimes a phone call is all it takes. Generally we need to visit the location of your sale and discuss the best way to sell your items. Of course, there is no cost for this consultation.

What treasures do you have hiding in your home?

## Do you need my help during the sale?

Once we are on the job, your work is done! We take care of everything, so you don't have to worry about anything.

## Do I need to have a house full of antiques to have an estate sale?

Not at all! While many people have collectibles and some vintage items, it is not necessary to have a large home filled with antiques. We can sell just about everything that is considered general household items. We have sold antique, contemporary and used furniture, clothing, jewelry, tools, appliances, garden equipment, plants, and automobiles.

## How does it work after I hire you?

There's no need for you to continue cleaning or disposing of any items. You won't have to lift a finger for your sale.

Our team will empty cupboards, clear out drawers and closets, and display the items for maximum exposure. We make sure that none of the important things you want to save like personal photos or papers get lost in the shuffle.

We organize and price your items. We schedule advertising, post signage, run the sale, and make arrangements for the items that don't sell.

## How do you know what price to charge?

We have been assisting clients for over 15 years. Our team of professionals include an accredited antique appraiser, and a group of specialists in various fields who assist us in pricing.

Our goal is to use every possible venue to get you the highest price possible for your items.

Our experience has shown that some items sell for higher amounts using online sales tools such as eBay. We have an excellent reputation as an eBay PowerSeller, and we do all the work!

## What happens to the items that don't sell?

With every sale, there will generally be a little bit left over. These items can be donated to charity, retained by the owner or discarded at your discretion.

## How is Trunk Full of Treasures paid?

We are paid a percentage of the sale proceeds. This is negotiated with you based upon the size of the estate and the amount of preparation involved. We carefully go over the contract with you to insure there is no confusion concerning our services.

We look forward to hearing from you and thank you for allowing us the opportunity to make your life easier.
